ARE WE DEMOCRATIC?

FOLLOWING the Convention recently held in this State, in which the best talent of the country engaged in expounding Democratic doctrines, one who is devoted to the principles there exhibited, has written a pamphlet entitled "A Critique that he can claim affiliation with a party whose principles are founded upon equity and justice to the rights of men. Surely there is not a Democrat in our grand old Commonwealth, whose spirit has not been strengthened by the proceedings of that Convention and the integrity it placed before the public eye. We expect next August. In view of the facts it would seem, at first thought, that every man should be a Democrat whether he had previously been one in whole or in part, but a careful survey of our county campaign and the methods used by disaffected individuals in attempts to circumvent elections which they were unable to influence in studying the motives of designing men to doubt the unity of the country Democracy. Various rumors are caught floating on the political sea, cast with the sole intention of disturbing political harmony, and all coming from a common source, the Anti-Slavery party. Knowing from experience that all efforts at a straight Republican victory will be futile, that party in helpless sensibility and ashamed of its own administration, is ready to aid any movement, so it anti-Democratic. The present campaign has furnished them a fertile field in which to display their best energies.

Their candidate is proposed on an anti-Democratic ticket who claims to be able to get an office by a Democratic vote. That Republicans ever aim to support such a candidate is uncertain, but the obvious intention is to disrupt the Democratic party by wild assertions and schemes that will lead those who think they see through their designs to their real interests. However, this may be it is a good time for every Democrat to subject himself to a thorough self-examination. If we have supported Democratic principles because they were right, they are right still. They have never changed and are unchangeable. If the party is corrupt, it is bound to be so, but not because of its principles. Grant that both parties have become too corrupt for support and material is taken from each to form a new one, where will the new one get its purity? Surely no man will say that the best is taken from the old to form the new, for a little observation shows the reverse.

In a number claiming his anti-slavery record, the Republican vote because he has denounced the Democratic party, and the Wheeler vote because he is a member of the order—not because he is its nominate—where does he stand? When a man votes for what principle does he consider him a Democrat? or Whig? or Wheeler? or himself? The Democrats of Breckinridge county have been too loyal in the past to stray off after an *ignis fatuus*. The reports of the growing popularity of the anti-Democratic party are ephemeral based upon the idle conjectures of disappointed individuals, and have plenty of time to die and forgotten before next August.

Louisville Market.

The tobacco market was in good shape this week. All types and pretty much all grades have been fairly active steady and strong. Good, medium and poor tobacco has been in great demand. Competition has been exceeding strong. There has been more snap and more strong bidding in the market than for a long while. It seems the buyers have been rather holding back on their orders, waiting for a rain, hoping that when it comes, receipt would ease the market. The rain has come and has doomed to disappointment. The rain last week which was thought at the time to be general, was quite limited both in extent and in amount. Many tobacco sections are yet dry, and in only a few localities was a good setting season obtained. There was only about one day of good bulking weather and while relatively dry, the market has been rather dead. Last week consumed the supply even more voraciously than before. The top price for the season for Newbury was obtained this week at the Enterprise warehouse, when \$2.00 was paid for a good Henry County longleaf.

Considerable improvement is noticed in dark lugs, some buyers of this kind having paid fully \$1.00 per hundred higher than a month ago—Farmers Home Journal.

THE NEW CONSTITUTION.

A Call for a Conference of the Opponents of the Instrument.

The following call has been circulated and numerously signed in almost every county in the State:

At the ensuing August election the voters of Kentucky will vote for or against the proposed new constitution.

It is the desire of the undersigned that the voters in deciding this question, shall have all the information which can be given through the press and by public discussion. To this end a conference of those who are opposed to the adoption of the proposed new constitution is thought by many to be advisable, and the city of Lexington and Wednesday, June 1st, is proposed as a proper time and place for said conference.

Everybody was glad to see Mr. Hambleton and to know that his health is so much improved.

Gard of Thanks.—The trustees of Sample M. E. church desire to thank the people, through your paper, for their presence, gifts and hospitality at the dedication of their church. Also to thank the Hall road company for giving reduced rates, and the Breckenridge News for publishing their appointment.

The A. O. U. W.'s will give a concert and festival in Fisher's Hall, Thursday night June 11th. Prepare yourself for something above the ordinary.

The greatest improvement that has been made in Hardinsburg lately is in the court house. The money was well used. It ought to have been there years ago.

The local race between the candidates for the Legislature promises to be warm from now until August. It will be the aim of the News to give all the local incidents connected with the race in each precinct in the county, and the movements of the candidates, so far as we can ascertain them. We will also be anxious to watch the race posted in regard to the race between the two candidates should send in their subscriptions at once. The News will be forwarded to any address one year for \$1.00 or three months for 25 cents.

The race for the Legislature in Meade is getting hot. Last Monday the candidates had their little say at Breckenridge with Mr. Clegg and Mr. Whitfield in favor of Mr. Whittlet to beat Gus Richardson. It seems that the independent Democrats and Republicans have entered into a combination to down the Hon. Gus. In the primary, if this can't beat him with Willis in the primary they can do it with Dr. John Harbin as a Republican in the primary. So that it is for him either one or the other. The Hon. Gus will be a mighty hard man to down.

W. J. Piggott, Misses Goodson and Mrs. McGlothlin are preparing for a number of socials which lack funds, Mandy or last, and thoroughly understand how to develop talent in her willing helpers. We predict her efforts will be crowned with success.

The Owensboro Messenger of last Sunday reported what it terms a sensational divorce suit between prominent parties in this city. The parties to the proceeding are Mr. and Mrs. R. L. Newsom. Mrs. Newsom says the Messenger, has instituted proceedings at Hardinsburg against her husband for divorce, although as grounds cruelty and desertion. But so far as the sensational feature of the story is concerned there is nothing of a sensational character about it. The circumstances leading to the institution of the suit are said to be only in part true as given by the Messenger. Dr. Newsom was seen by a News reporter yesterday who said he had not yet been officially notified of the proceedings. He says when so notified he will defend himself. The Messenger goes so far as to say that he who is to blame in fault in the matter would be better determined when the proof necessary to a full determination of the question was all heard.
